

Your time. Your teeth. Our place or yours.

Introducing Independent Dental Hygiene Centres.

Corporate Benefits Division wants to keep you smiling. And so do we!

Members of Corporate Benefits Division will enjoy a special discount on cleanings and whitenings. Show your "Good Job" membership card and receive an additional 10% off cleanings and 20% off whitening treatments. Now that's a reason to smile!

Regular visits to a dental office can become difficult, challenging or time consuming. Some people are too busy while others may consider treatment too expensive.

We provide dental hygiene services to people when and where they need it. We offer professional, affordable and convenient quality dental hygiene services in the comfort of your home, your workplace or our retail Centres.

Be relaxed in a comfortable environment, not rushed, and scheduled at a time that works for you. Best of all, you'll pay up to 30% less than a traditional dental office.
